2. Secretary's Comments

Secretary Birdwell stated

I. Distributions to beneficiaries for June and July 2011

Secretary Birdwell reported distributions for the month of June were \$5.4 million, making the total annual distribution for 2011 more than \$124 million. That is \$10 million larger than any other distribution in the history of the agency.

Distributions for the month of July were \$37 million, which is significantly larger than any other single month in the history of the agency.

II. FY 2011 Agency Highlights

Secretary Birdwell reported, the agency had a rather extraordinary year. In FY11 there were many milestones reached:

- Record total distributions to beneficiaries in agency history: \$124.17 million
- Highest annual distributions to Common Schools (in excess of \$93 Million).
- Record annual mineral lease bonuses from CLO auctions in agency history (\$80.1 million, which is 1.52 times higher than the previous record).
- Highest annual mineral royalty receipts placed in Permanent Trust funds (more than \$45 million).

- The surface acreage managed by CLO received the highest total appraised value in history (approximately \$400 million).
- At the end of FY 2011 the value of the investment portfolio was the highest in agency history: (unaudited on June 30: approx. \$ 1,871,637,000).
- The percentage of growth in the Permanent Funds was the highest in agency history. (Earnings from investments, land sales, royalties, and unrealized capital gains).
- Record proportion of mineral acres under active lease (approximately 48.5%).
- At the end of FY 2011, a record (99.8%) of all CLO surface acreage was under current surface lease. (2,974 of 2,979 parcels).
- By the end of FY 2011, our agency wide, paradigm changing information technology, project was 2/3 complete.
- In FY 2011, surpassed 20,000 acres of red cedar cleared from 183 parcels in 14 counties at no cost to CLO, increasing future lease values.
- In a report prepared for the Western States Land Commissioners Association (WSLCA is an association of 23 states with state land offices) Oklahoma CLO achieved the highest rate of return on all its managed property and funds among all WSLCA member states. More than a 20% return achieved from the investment portfolio, lease income, royalties, bonuses, and unrealized capital gains.
- The WSLCA report also noted that Oklahoma's permanent trust holdings grew to 4th highest among the land offices in the WSLCA states.
- CLO achieved the highest ever royalty payments from natural gas liquids in FY 2011 (\$1,665,966)
- The real estate management division earned record annual revenues from lease rentals, easements, surface damage awards, and land surface mining.

III. *Introduction of new General Counsel, Chief Financial Officer, Real Estate Division Director and Commercial Property Specialist*
 Secretary Birdwell reported Nancy Connally has been hired as General Counsel, Karen Johnson has been hired as Chief Financial Officer, James Spurgeon has been hired as Director of Real Estate Management Division and Dan Hake has been hired as Commercial Property Specialist.

IV. *Real Estate Management lease auction schedule*
 Secretary Birdwell reported 99.8% of our agricultural land is leased. Each year approximately 150,000 acres come up for lease auction. This year there are 9 agricultural lease auctions scheduled. Despite the poor economy the CLO still continues to have strong income per acre. Given

the weather and economy it is significant to note there has been a slight increase of income per acre from the leases.

V. *Update on meetings with development agencies*

Secretary Birdwell reported staff continues meeting with Tourism and Recreation Department, State Department of Commerce, State Chamber of Commerce, City of Oklahoma City Chamber of Commerce and City of Oklahoma City to discuss how the CLO can assist them in their economic development by utilizing the CLO commercial land for the benefit of economic growth and development in the state.

VI. *Investment committee Nominee from Commissioner Barresi*

Secretary Birdwell reported a new member appointed by Commissioner Barresi, Mathangi Shankar, will be joining the investment committee.

Secretary Birdwell reported The Western States Land Commissioners Association (WSLCA) is a national association which consists of 23 states which together manage 447 million acres of land, mineral right properties, and land beneath navigable waterways. Keith Kuhlman was named to the executive committee and Nancy Connally was named as chief of the legal issues committee for the WSLCA. The CLO will host the national WSLCA meeting in January 2013.

Commissioner Jones inquired, what is the CLO doing to take advantage of the revenue to be made from wind turbines on CLO leases? When someone leases CLO surface land do they get the right to put wind turbines on the property and get the revenue?

Assistant Secretary Kuhlman responded, the CLO has several wind leases with companies. A lease in Kiowa County should be up and running by June 2012. Negotiations with eight other companies for sites around the state are pending. A clause within the agricultural lease contract reserves the right to lease any portion of those lands for commercial wind development. Rental is composed of a holding amount until the turbines are operational then a rental will be charged per megawatt of installed capacity along with fees for roads, high lines, met-stations or sub-stations. Payments can be made annually, quarterly or one time payments. All turbine rentals will include a percentage of the gross proceeds.

3. Presentation of June 30, 2011 Quarterly Investment Performance Report by RV Kuhns & Associates.

Charlie Waibel, RV Kuhns & Associates reported on the second quarter investments. At the end of June assets were at \$1.8 billion with a 4.6% return.

4. Approval of Appraisal and Authorization to Sell Land by Public Auction

Assistant Secretary Kuhlman presented this item.

In February 2009 the Commissioners granted a 55 year commercial ground lease on property located at the intersection of NW Expressway and Mustang Rd in the northwest Oklahoma City metro area to Village Verde, LLC for the purpose of developing the land for commercial and residential purposes.

The lessee is required to file a development plat, designating the areas of the property that will be used for commercial, residential and common area/open space uses. The plat has been completed and approved by the City of Oklahoma City.

As the property is readied for commercial development the rental escalates according to the number of acres used for commercial users. As the common areas are designated the lessee will pay \$5,000/acre for those acres and be granted a continuous easement. The residential lands will be offered for sale at public auction in phases with the CLO receiving a minimum of \$20,000/acre or 23% of the gross proceeds of the sale whichever is the greater amount.

The lessee has requested the first phase of the residential land be offered for sale. The 15.76 acre parcel of land lies in the NE/4 of the Section adjacent to Mustang Rd. The following independent appraisals have been completed:

Hinkle and Associates - \$433,000.00 (\$27,500/acre)
Comstock Appraisal Service - \$221,000.00 (\$14,000/acre)
Southwest Valuation Service - \$175,000.00 (\$11,100/acre)

The appraisals have been reviewed and meet USPAP guidelines. The average value of the property based on these appraisals is \$276,000.00.

The assistant secretary recommended offering 15.76 acres for public sale with a minimum bid of \$20,000/acre.

A motion was made by Commissioner Reese and seconded by Commissioner Barresi to approve the sale.

6. Report on July Oil and Gas Lease Sale

Secretary Birdwell reported that a growing source of revenue comes from oil and gas seal bid auctions. There are six oil and gas sales per year. The last sale was in July and the next will be in September. As a rule the July auctions are typically smaller than other months. In July there were 85 properties leased for \$4.96 million, which will be distributed in September or October after all the leases are executed and monies received.
