- c. Presented by Keith Kuhlman, Assistant Secretary
- d. Discussion

The lease auction brochure has been compiled for the fall of 2013. There are 578 parcels in 34 counties being offered for a 5 year term lease for. This is approximately one-fifth of the total leases. Most leases in Cimarron County will be issued a 3 year lease term due to the impact of the severe drought in the area and the ability of the land to support the usual number of livestock. The reduced term of the leases also has a reduction in the amount of livestock that can be placed on the lease during the term.

#### 5. Approval of Continuous Easements

101038 – Oklahoma County	NE/4 Sec. 16-11N-4WIM	9344

## 2. Secretary's Comments

### a. Distributions to Beneficiaries for September 2013

Secretary Birdwell reported that distributions to beneficiaries totaled \$6.1 million compared to \$6.4 million in September 2012. For the first quarter of FY2014 common schools are slightly ahead of last year's pace while higher education is a bit lower.

The CLO staff continues to pursue any opportunity to improve distributions, including permissible investments that raise portfolio yield, pursuing royalty underpayments and billing lessees for interest accrued on late payments.

### b. Mineral September 2013 Lease Bonus Auction

Secretary Birdwell reported that September was the largest lease bonus auction in more than a year. Total lease bonus was \$4.96 million. The last two auctions, July and September, have been encouraging.

### c. November Lease Bonus Auction Comments

Secretary Birdwell reported the November lease bonus auction appears to be much larger than the November 2012 auction. There will be more than 100

properties offered for auction. Additionally, the November auction will be the inaugural of the electronic auction procedures.

d. Cost to Convert Current Vehicles

In response to the Governor's request for the CLO to evaluate compressed natural gas vehicles, the Secretary reported that CLO has seven vehicles. Four of the seven are too old to be retrofitted.

Evaluation of the available fueling station locations across the state was done and it was determined a dual fuel system would be the most economical and available to the field personnel. The following conclusions were reached: 1) two current vehicles should be converted to dual fuel use, and 2) all new vehicles should be purchased or leased with dual fuel burning capacity.

e. REM Fall Lease Auctions

Secretary Birdwell reported that the annual land lease auctions begin on October 14 and end October 28. There will be 574 property auctioned at nine locations.

Publicity for the fall auctions has been excellent. There were written advertisements, radio ads, television and radio interviews involving the Secretary, targeted new stories, placement of the auction brochure on the agency website and the mailing of 3000 brochures to interested parties, have enhanced public interest.

### **3. Request Approval of Investment Manager Selection**

Title 64 requires that the Commissioners shall retain qualified investment managers to be chosen by a solicitation of proposals on a competitive bid basis pursuant to standards set by the Commissioners.

Review of past proceedings of the Commissioners cannot verify that the board has actually approved the standards for solicitation of proposals for investment managers.

Therefore it is recommended that the following standards for solicitation of proposals for investment managers be approved.

#### CLO Investment Manager Selection Standards

1. The Investment Consultant, in consultation with the CLO investment staff, develops and sends a letter or email with the same content to no less than three highly qualified vendors offering the desired services in a particular asset class. The Investment Consultant will be responsible to identify and prequalify potential vendors and to complete the process, as it does currently.
2. The potential vendors receiving the written solicitation are given a deadline by which to respond.
3. The solicitation letter or email communication identifies the items of information to be provided by responding vendors so that the Investment Consultant, the Investment Committee, and CLO staff may make an objective comparison of the offerings of each vendor. It is anticipated that items for inclusion may be subject to change based on the type of services being requested. At a minimum, responses must contain affirmation that investment selection criteria is met in accordance with CLO's Investment Policy, qualifications for the type of asset management under consideration, key personnel to be assigned to the account, company history, statement of investment strategy, pricing offered to the CLO, a copy of the proposed contract, and any others to be added based on the type of services desired or circumstances presented.
4. Copies of the solicitation letter or email form, the list of qualifying vendors, and vendor responses are provided to the CLO investment staff to be used during the evaluation process and to be retained on file.
5. As is the current procedure, the Investment Consultant confers with CLO investment staff in the evaluation process, provides a summary of the evaluation performed, and makes its recommendations to the Investment Committee.
6. Copies of the summary of evaluation, along with the other solicitation documents mentioned previously are retained in CLO's files as easily accessible evidence that a Commission approved solicitation for proposals on a competitive bid basis was performed.

*Recommendation: The Assistant Secretary recommends approval of the investment manager selection.*

- a. *Presented by Keith Kuhlman, Assistant Secretary*
- b. *Discussion*
- c. *Commission action in which the Board may approve, disapprove or table the matter and/or direct staff to take further action.*

Lease # 106432 Canadian County	NE/4 and S/2 (less 10 acres sold) Sec. 16-13N-5WIM (Less minerals & water rights)	Village Verde, LLC	\$42,500.00

In February 2009 the Commissioners granted a 55 year commercial ground lease on this property to Village Verde, LLC for the purpose of developing the land for commercial and residential purposes.

The property is located at the intersection of NW Expressway and Mustang Rd in the northwest Oklahoma City metro area.

As required, the lessee filed a development plat, along with covenants and restrictions, with the City of Oklahoma City. The development plat designated which areas of the property will be used for commercial, residential and common area/open space uses. The plat has been approved by the City of Oklahoma City.

Long term rent for commercial development areas have been established with annual rent escalating according to the number of acres used by commercial users. The lessee will pay \$5,000/acre for the common areas and will be granted a continuous easement. The residential areas are to be offered for sale at public auction in phases. As per contract the CLO is to receive the appraised value or 23% of the gross proceeds.

The lessee received a patent for a 15.76 acre parcel of land, the first phase of the residential land development, from the Commissioners of the Land Office on September 8, 2011. The lessee is ready to begin the second phase of the residential development and requested that a 30.027 acre parcel of land in the NE/4 of the Section be offered for sale. The following appraisals have been completed:

Caesar Appraisal Service -	\$600,000.00 (based on \$20,000/acre)
Kilpatrick and Associates, Inc. -	\$615,000.00 (based on \$20,500/acre)
Wheeler Valuation Advisors, LLC -	\$630,500.00 (based on \$21,000/acre)

The appraisals have been reviewed and meet USPAP guidelines.

**11. Report on the status of the recent mediation in the CLO v. New Dominion matters, Adm. 2012-001 & CV-2012-95, with possible action by the Commission**

- a. *Presented by Harry W. Birdwell, Secretary*
- b. *Discussion*
- c. *Commission Action in which the Board may approve, disapprove or table the matter and/or direct staff to take further action*

Secretary Birdwell reported that a day of mediation had been held between the parties on October 8th. The parties failed to reach a mutually agreeable settlement. However the parties agreed that the mediator, Brad Gungoll, of the Gungoll, Jackson firm should prepare a Mediator's Settlement Statement to be considered by the parties. The parties agreed to consider the proposed settlement from the mediator for two weeks. Further developments will be reported at next month's meeting with a possible request for settlement.

No action was taken by the Commission.
