2025

ANNUAL REPORT

OKLAHOMA
COMMISSIONERS
OF THE LAND OFFICE

COMMISSION

The role of the Commissioners of the Land Office was defined by the United States Congress in the Organic Act of 1890 and the Oklahoma Enabling Act. This legislation reserved Sections 16 and 36 of each township in Oklahoma for the use and benefit of the common schools. The federal government had no title to lands in the eastern half of the state, known as Indian Territory. Therefore, the federal government compensated the Trust Fund with a grant of $5 million.

State higher education institutions were also provided for in the Enabling Act, as Section 13 of each township was set aside for their support. These lands were divided among the University of Oklahoma and the University Preparatory Schools (1/3), the Normal Schools (1/3), and the Agricultural and Mechanical University and the Langston Agricultural and Normal University (1/3).

Additionally, the legislation set aside Section 33 in each township to support public buildings and corrections. Unlike other Land Office monies, the money earned from this land is not held in trust. Instead, it is disbursed on an annual basis. The federal government deeded a total of more than three million acres in the initial grant to ensure that public education would always have a financial base. Early state leaders shared that view, stating in Article 11, Section 2 of the Oklahoma Constitution that the "… principal shall be deemed a trust fund held by the state, and shall ever remain inviolate. It may be increased but shall never be diminished."

GOVERNOR Kevin Stitt is leading Oklahoma with a vision to become Top Ten in job growth, infrastructure, education and more.

He is an entrepreneur who founded Gateway in Tulsa, Oklahoma, in 2000. Starting with only $1,000 and a computer, he grew Gateway into a nationwide mortgage company operating in 42 states and servicing more than $20 billion in residential mortgages. In 2018, he led Gateway through a merger and established Gateway First Bank, which today is one of Oklahoma's 10 largest banks by assets with over $2 billion in assets, 166 mortgage centers across the U.S., and more than 1,600 employees.

Oklahomans spoke in record numbers that they wanted Stitt to use his business acumen to transform the state. In 2018, he received more votes than any gubernatorial candidate in state history in his first bid for elected office of any kind.

Governor Stitt has taken a groundbreaking approach to his administration by appointing the most female cabinet secretaries in state history and tapping expert advisors from the private sector, including the first chief operating officer in state history.

He is committed to delivering taxpayers more for their money, and his fiscally conservative leadership helped the state build its largest savings account in history, which proved to be prophetic in the face of an oil and gas downturn.
Stitt is a fourth-generation Oklahoman and a graduate of Oklahoma State University.

He and his wife, Sarah, have been married for 25 years and they have six children.

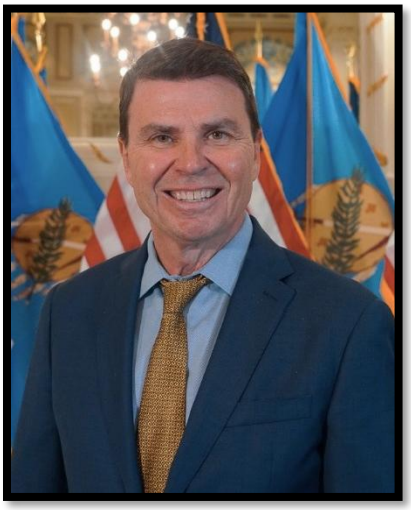

LIEUTENANT GOVERNOR Matt Pinnell was elected as the 17th Lieutenant Governor of Oklahoma on November 6, 2018. Pinnell is President of the Oklahoma State Senate and serves on multiple constitutional boards and commissions, including serving as Chairman of the Oklahoma Tourism Commission and Route 66 Centennial Commission. He has set his Lt. Governor agenda focused on workforce and economic development issues.

Pinnell is the chief marketer of Oklahoma and spends much of his time promoting Oklahoma. In partnership with the Oklahoma Department of Commerce, he launched a talent recruitment campaign targeting the Dallas-Fort Worth Metroplex. He also works to retain and attract companies to the state by hosting events throughout the year, including the annual Lt. Governor's Turkey Hunt, a two-week event that showcases Oklahoma to prospective out-of-state companies and site selection representatives.

As an entrepreneur himself, Pinnell champions small business growth. He advises the Oklahoma Department of Commerce on small business growth, entrepreneurship, and workforce development. In 2022, he launched 'A Look at Oklahoma CareerTech,' a video interview series that showcases the education and employment opportunities the state's CareerTech system provides. Pinnell launched a statewide rebrand in 2020, a campaign that has streamlined state agency processes and saved taxpayer dollars.

Matt has an advertising degree from Oral Roberts University. He lives in Tulsa with his wife of 22 years and their four children.

SUPERINTENDENT OF PUBLIC INSTRUCTION Lindel Fields is a nationally recognized leader in education, organizational culture, and leadership development, with more than 30 years of experience transforming schools, agencies, and businesses. He currently serves as Oklahoma's State Superintendent of Public Instruction, where he is focused on improving reading proficiency, strengthening teacher recruitment and retention, and expanding career pathways for students across the state.

Before his appointment as superintendent, Fields served as CEO and Superintendent of Tri County Technology Center in Bartlesville, where he led the organization to historic national recognition — including the 2018 Malcolm Baldrige National Quality Award and multiple appearances on Fortune's "Great Places to Work" list, ranking as high as #7 nationwide.

A lifelong educator, Fields began his career in 1991 as a horticulture instructor before advancing to leadership roles overseeing training and workforce programs throughout Oklahoma's CareerTech system. After retiring from CareerTech, he founded Your Culture Coach, a consulting firm dedicated to helping organizations build trust, strengthen communication, and cultivate thriving workplace cultures. His consulting work has supported education systems, tribal nations, state agencies, and private enterprises in unlocking the potential of people to serve communities and drive sustainable growth.

Fields believes that strong leadership and healthy culture are the levers that move communities forward. His mission is to partner with leaders who want to make their organizations both excellent and equitable — because when we get leadership right, we get outcomes right.

OKLAHOMA

STATE AUDITOR & INSPECTOR Cindy Byrd, CPA, is Oklahoma's 13th State Auditor & Inspector and the first woman elected to serve as the taxpayer's watchdog.

A CPA with over 25 years of government auditing experience, Cindy began her journey as an auditor in 1997. Throughout her tenure, Cindy has moved through the ranks and conducted every type of government audit possible across Oklahoma. Her audits have identified millions of dollars in misappropriated tax dollars and waste of public funds at every level of government.

Cindy took on the role of County Audit Division Director in 2011. Through her leadership, the Division eliminated a five-year backlog of county audits. In 2013, Cindy was appointed Deputy State Auditor over Local Government Services and served in that capacity until her election as State Auditor in 2018. By the end of her second term, Cindy will have published over 3000 audits including the following which garnered statewide, legislative, even national attention: Oklahoma Health Care Authority – Medicaid Eligibility Audit, EPIC Charter Schools – received the 2022 Excellence in Accountability Award for Forensic Audit by the National State Auditor's Association, Oklahoma State Department of Health –PPE expenditures, & OESC – Fraudulent unemployment claims

Cindy and her husband Steve live in Coalgate located in Coal County, Oklahoma.

SECRETARY OF AGRICULTURE Blayne Arthur was sworn in on January 14, 2019, by Governor Kevin Stitt as the Oklahoma Secretary of Agriculture—the state's first female to hold the position. She acts as Governor Stitt's chief advisor on policy development and implementation related to agriculture, food and forestry, and holds the titles of Oklahoma Commissioner of Agriculture and the President of the Oklahoma State Board of Agriculture.

Secretary Arthur grew up in Chickasha, Oklahoma, where her family raised horses, cattle, wheat, alfalfa and soybeans. Upon graduating from Oklahoma State University in 2004, with a bachelor's degree in agricultural economics, Sec. Arthur took a role in small-business financing for Rural Enterprises, Inc and traveled throughout Oklahoma. Secretary Arthur began her tenure at the Oklahoma Department of Agriculture, Food, and Forestry in 2009 working for Secretary Terry Peach and later as the Deputy Commissioner of Agriculture for Secretary Jim Reese where she stayed from 2011 to 2016. In 2016, she served as the Executive Director for the Oklahoma 4-H Foundation until her appointment by Governor Stitt.

Secretary Arthur is the President of Food Export-Midwest, and she served as the President of the National Association of State Departments of Agriculture for the 2023-24 term. She served as the President of the Midwestern Association of State Departments of Agriculture in 2019. She is the 2016 Oklahoma Cattlemen's Association Distinguished Service Award Recipient; remains active in Oklahoma Farm Bureau, Diamond Hats, Oklahoma Beef Council and Oklahoma 4-H and FFA programs. Arthur has been selected for multiple honors including Oklahoma Agricultural Leadership Program Class XV, a Journal Record 2011 Achievers Under 40 honoree, a Journal Record Fifty Making a Difference Honoree in 2019 and 2020 and the 2014 Oklahoma Agricultural Woman of the Year.

Secretary Arthur married Jerrod Arthur in 2006, and they have two children, Kelton and Kennedy, who both enjoy showing cattle and horses. The Arthur family lives east of Stillwater and raise show cattle for 4-H and FFA members.

OKLAHOMA

Fellow Oklahomans,

After five consecutive fiscal years of increased distributions to public education, I am pleased to report a second consecutive record-breaking year for the Commissioners of the Land Office. In Fiscal Year 2025, the CLO distributed more than $156 million to Oklahoma's K-12 public schools and institutions of higher education. This achievement exceeds the prior record established in Fiscal Year 2024 and reflects the continued strength of the agency's management and investment strategies.

These results would not have been possible without the dedication and expertise of the employees of the Commissioners of the Land Office, whose efforts remain focused on maximizing revenues for the benefit of our educational beneficiaries. Their commitment to excellence is evident in this historic level of distributions. While revenue generation is a critical component of the agency's mission, it is only one aspect of our responsibility. The CLO remains steadfast in its obligation to serve as a careful steward of trust lands and assets, to pursue operational efficiencies, and to ensure that all funds owed to beneficiaries are distributed accurately and in a timely manner.

On behalf of the Commissioners, the agency, and our educational beneficiaries, I extend my sincere appreciation to those who lease CLO lands, minerals, and investment real estate. The funding of public education through the CLO is a true public-private partnership, and without the participation of partners in industries such as agriculture and oil and gas, the agency would not be as effective in fulfilling its constitutional mission. We are proud of the role the Commissioners of the Land Office play in supporting Oklahoma's core industries while strengthening educational opportunities for generations to come.

Dan Whitmarsh
Secretary

ADMINISTRATION

The administration, legal and information technology divisions of the CLO work together to ensure the revenue generating divisions are equipped, trained and protected to fulfill their functions.

The administration division is responsible for the overall management of the Land Office, while the legal division advises and counsels the commissioners, secretary, and agency personnel. CLO's IT division provides computer support, security, and general IT services.

ACCOMPLISHMENTS

As a unified team with the efforts of every CLO staff member, distributions to beneficiaries totaling $145.2 million, a 12.2% increase over FY23, and $4.6 million a 3.2% increase over previous FY12 record high. Key highlights for the agency include:

- An exchange with the City of Stillwater that also allowed CLO to add $4 million to the corpus value of the Common Schools Trust
- The highest yearly lease bonus since FY2018 ~$15 million that was auctioned
- The renewal or creation of 78 easements, representing over $3 million in proceeds for the agency
- A settled claim for $13 Million for underpayment of oil and gas royalties.

INFORMATION TECHNOLOGY SERVICES

The Information Technology division manages an array of multiple systems and applications used by CLO employees and customers. The IT division is dedicated to continuously enhancing the agency's cloud-based applications and collaboration tools, which are fundamental to the day-to-day operation of the agency. CLO remains at the forefront of technology by regularly assessing and incorporating new tools to ensure systems are secure and working efficiently.

ACCOMPLISHMENTS

The Information Technology Services Division had an outstanding FY 2025. Several projects were completed that kept the CLO in compliance with current standards. They also improved IT security posture, upgraded CLO applications, and improved access to agency resources and overall performance of those resources for the CLO field representatives.

One major accomplishment was the CLO website upgrade. With support from key division personnel, IT delivered a redesigned agency website featuring an updated look and feel. Content continues to evolve through collaboration with dedicated division content points of contact.

COMMERCIAL REAL ESTATE

CRE manages the CLO's commercial real estate and investment property assets representing a portfolio of 20 buildings and more than 350 active commercial leases, driving $10,667,597.34 in distributable revenue for CLO beneficiaries. This was the 2nd straight year of distributions over $10 Million.

ACCOMPLISHMENTS

FY 2025 was a busy year for the Commercial Real Estate Division. CRE acquired four office buildings in the Brentwood Office Park in Edmond. This purchase generated more than $120,000 in distributable revenue in FY2025. A significant heritage and investment transaction in FY 2025 involved the sale of a 372-acre tract for a large industrial development in the City of Stillwater. These transitional agricultural lands were exchanged for a thriving retail property located in the City of Enid. This exchange allowed the City of Stillwater and its economic development arm to complete a significant investment in the City and for the CLO to add $4 million to the corpus value of the Common Schools Trust.

Through this transaction, CRE acquired a large portion of the retail development known as the Land Run Town Center in Enid. The FY 2026 budget anticipates generation of over a half million dollars of distributable revenue in FY 2026. The CRE division also divested 13 residential lake front lots on one of the Shawnee Twin lakes allowing lessees to acquire the land their homes sit on, while adding more than $1.5 Million to the corpus value of the Common Schools Trust. CRE also divested several low performing residential properties. These properties were either auctioned or were exchanged for assets to add to the investment portfolio. Finally, CRE established a Long-Term Water Lease with the City of Guymon to provide water for future generations. Revenues from the water produced will fund all 13 higher-education beneficiaries.

Beyond ongoing response to leasing and sale inquiries, CRE has worked closely on its internal processes, exploring ways to improve quality, speed, and effectiveness of the processes. One implementation involves

an online project management tool to permit all division staff to see at-a-glance the status of projects without having to disrupt other staff with inquiries. This has also provided CLO leadership with additional transparency on project status. Staff have also transitioned to a fully digital short-term lease renewal process, saving paper and staff time, reducing costs associated with the renewal process, reducing costs associated with the process overall through conserving paper use and staff time.

Land Run Town Center in Enid

REAL ESTATE

The Commissioners of the Land Office have nearly 726,000 acres of land in 42 counties managed by the Real Estate Management Division. Income earned through leasing these lands is directly distributed to the beneficiaries of the trust. Approximately one-fifth of the total agriculture leases are appraised and offered annually for a five-year term. The division also works with lessees to protect and improve trust land for generations to come.

ACCOMPLISHMENTS

The Real Estate Management Division made substantial progress in advancing conservation, land management, and revenue-generating initiatives throughout the year. A total of $475,506.00 was invested in 50 Soil Conservation Projects, across 4,785 acres. REMD also facilitated the renewal or creation of 78 easements, representing $3,155,105.00 in proceeds for the agency. During FY25, 104 assignments were completed, generating $7,800.00 in revenue. In the October 2024 Agricultural Auctions, REMD leased 502 parcels covering over 110,000 acres across 36 counties. These leases will bring in distributable proceeds of almost $16,500,000 for the duration of their five-year terms.

MINERALS

The Minerals Management Division oversees the leasing of nearly 1.1 million mineral acres held by the CLO for the benefit of public education. The Royalty Compliance Division ensures the CLO is properly compensated for those mineral assets. Together, these two divisions ensure maximum benefit for Oklahoma's current and future students while protecting the mineral assets of the CLO.

ACCOMPLISHMENTS

The Minerals Management Division achieved a Lease Sale Bonus of approximately $15 million, marking the highest yearly lease bonus since FY2018. Over the past five years, the CLO has increased the value of mineral leases by approximately 25% on a per-acre basis. Additionally, the CLO partnered with stakeholders to successfully plug 28 wells across state lands. These accomplishments were realized while effectively managing mineral assets to generate $38 million in mineral royalties.

ROYALTY COMPLIANCE

The Royalty Compliance Division (RC) has the primary purpose of monitoring, examining, auditing, assessing, and collecting CLO oil and gas royalty payments. Generally, RC is also the point of contact for oil and gas operators and the primary division involved in the support of oil and gas litigation.

ACCOMPLISHMENTS

In FY 2025 Royalty Compliance expanded the audit function from a single auditor to a three-person team by hiring, onboarding, and training two new auditors. RC developed and executed comprehensive training plans for the two new auditors across multiple audit streams, including long short audits, deductions billing, check scanning and archival process, GAP audits, and MMD referral reviews. This reduced operational risk and improved continuity by cross training staff and fully documenting all core RC audit processes, eliminating single point of failure dependencies.

RC restarted the deductions billing process after a long period of inactivity, restoring a key revenue recovery function and incorporating it into routine audit operations. They also launched the GAP audit process with an expanded review scope covering January 2022 through December 2024, improving historical coverage and financial oversight.

The new auditors were also trained on MMD referral review procedures, enabling the division to initiate the 2024 MMD lease cancellation review and stand-up operational capacity to intake and manage a significant increase in referrals, with over 200 lease and well level issues received from Minerals by fiscal year end.

FINANCIAL SERVICES

The Financial Services division is responsible for the accounting, financing, the investment portfolio, and overall financial health of all seven of the CLO's educational trusts. In addition to generating more than 73 percent of distributable revenue, this division also ensures distributions are made directly to local school districts and universities every month.

ACCOMPLISHMENTS

For the second consecutive year the Financial Services Division delivered record-breaking distributions to educational beneficiaries, totaling $156.1 million, which represents a 7.5 percent increase over Fiscal Year 2024. The investment portfolio under the Division’s stewardship attained a market value of $2.9 billion, the highest in the history of the Agency. Further underscoring its commitment to excellence, the Division was awarded the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association (GFOA) for the Agency’s Annual Comprehensive Financial Report (ACFR), marking the sixth consecutive year of this distinguished recognition.
